DEWAN OF MYSORE

LAKE VIEW,
YELWAL ROAD,
MYSORE.

28th November 1916.

My dear Sir,

I send herewith the file of papers relating to a reference from the Residency in the matter of allowing the British Military authorities to temporarily pitch a standing camp on the western and southern slopes of the high ground near the Hebbal Rifle Ranges, together with the draft of a reply which it is proposed to issue.

If the concession asked for is approved, the dimensions of the ground will be specifically marked out in consultation with the Military authorities before handing over the same. Only the minimum area required will be given.

As the matter seems urgent, I request the favour of immediate approval to the proposals.

If it is not convenient to obtain approval, the file may be kindly returned for issue of reply to the Residency in anticipation of sanction.

R.H. Campbell Esqr., C.I.E.

Dated Bangalore, 22nd November 1916.

Sir,

I am directed to inform you that it is possible that one of the Territorial Infantry Battalions may have to move into a standing camp. In case this eventuality should arise and as no suitable site can be found within the limits of the Civil and Military Station, I am to request, at the instance of the Officer Commanding, Bangalore, that you will be so good as to let me know whether the Durbar would kindly agree to the camp being pitched on the Western and Southern Slopes of the High Ground at Tippu's Look out just south of the Hebbal Rifle Ranges. The Military Authorities are unable to say when the proposed camp will be required and this previous intimation is given in case circumstances should necessitate very short notice. Nor is it possible to give any fixed time during which the Camp will be in use but any temporary buildings which may be erected will be removed as soon as the camp is closed.

2. I am to explain that the arrangement proposed is entirely the result of the present war conditions and the site is

is asked for purely as a temporary arrangement and will in no circumstances, be required after the termination of the war.

I have the honour to be,

Sir,

Your most obedient servant,

H. St. G. Tucker.

Subject

Report Regarding the
Territorial camp near
the Hebbal Rifle Range

Note by the Civil Officer.

---cOo---

This morning I inspected the Hebbal Range Ground and the ground to the South and West of Tippu's Look out. Tippu's look out is Kempe Gowda's turret(one of the four on the four sides of Bangalore). The ground is unoccupied and there is no objection to the territorials pitching their camp there. I consulted the Quarter Master of the Transport Corps(Mysore) and also the Jamedar of Imperial Service Lancers and they said that the ground was not used by their troops.

The Palace garden(formerly Paul's garden)will be to the South of the ground now proposed to be occupied by the Territorials.

An enlargement from the road map showing the area in question is enclosed.

It is not known exactly how many tents or huts the Military want to put up but there is plenty of room.

Sd/- M.Rama Rao,
Civil Officer.

Your most obedient servant,

for Offg: Deputy Commissioner,
Bangalore District.

[illegible] from the Station.

A.A.A.

Submitted to the Deputy Commissioner,

Bangalore District.

As directed in order dated 10th January 1917, I met Lieut. Burnett, A.C.R.E., on the morning of the 12th instant and went over the ground. The Military Authorities agreed with me in thinking that a belt of ground should be left between the garden (Paul's now belonging to the Palace) and the proposed encampment to prevent petty pilferings by camp followers etc., in the garden. The ground finally decided upon is shown in the accompanying sketch prepared by the District surveyor who was also present with the Sheikdar and took the measurements. On the East the ground handed over is bounded by the high road leading to Yelahanka. On the North by the "Butts"village already in possession of the Military. The boundary to the South starts from the avenue tree (Mango and Thangadi growing together) on which I have cut the letter B to the Telegraph post to the north of the Paul's garden and the western boundary runs along the telegraph posts till it reaches the --- boundary line of the"Butts" village. The measurement of the --- Southern boundary is 1730 feet and the Western boundary is 1480 feet. The Military have promissed to demarcate the ground by planting a quick grwoing hedge on its Southern and Western boundaries

Honorary President, Municipal Council,
Bangalore City

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General & Revenue Departments, Bangalore.

SIR,

With reference to your letter No. [illegible] dated the 15th January 1917, forwarding copies of correspondence on the subject of placing temporarily at the disposal of the Military Department the open ground adjoining Tull's Road and Tippu's Look-out, I have the honour to report, for such action as Government may deem fit, that the [illegible] for burning night-soil is in course of construction [illegible] only adjacent to the Pullery Road, opposite the [illegible] leading to the Palace Polo Ground. It is at a considerable distance from the Palace but, as opined by the Assistant Sanitary Engineer and the Health Officer, is likely to prove a nuisance to the Polo players and to the passers-by on the Pullery Road. I beg to enclose copy of the Sanitary Commissioner's D.O. letter dated [illegible].

I have the honour to be,

Your most obedient servant,

B K Puttannachetty

Honorary President.

Copy of D.O. letter No. C.737-2 dated the 1st February 1917, from the Sanitary Commissioner in Mysore, Bangalore, to the Honorary President, City Municipal Council, Bangalore.

"Your D.O. of yesterday's date - I inspected the site referred to in company with the Health Officer and am of opinion that the emanations from the Incinerators proposed to be constructed will not reach the Palace. The incinerators would however be a source of nuisance to the traffic on the Bangalore - Bellary Road as well as to Polo - players on the Palace Polo ground. I believe that if the Incinerators could be built some 200 yards farther West than the site now proposed for them, they would be less open to objection."

To

The First Assistant to the

Hon'ble the Resident in Mysore

Sir,

I am directed to invite reference to the correspondence ending with your endorsement No.8890 dated the 14th - December 1916 on the subject of the permission needed by the British Military authorities for pitching a standing camp on the high ground near the Hebbal Rifle Ranges and to state that it has been brought to the notice of the Government that an incinerator for

(1) burning night-soil and two latrine sheds are in course of erection immediately adjacent to the Bellary Road, opposite the new road leading to the Palace Polo Ground. I am to request that as these would cause some inconvenience both to ~~te~~ the Palace and to the Polo-players and passers-by along the Bellary Road, they may not be built on the present site.

S.R. 354/612

2. Since my letter No.Pol 547 dated 2nd December 1916, agreeing to place the site at the disposal of the military authorities for a temporary period was written, representations have been received by Government against the construction of large buildings thereon.

3. His Highness' Government are anxious to do all they can to provide the necessary facilities in regard to this matter. With a view

(2) to consider the suitability of alternative sites for locating any temporary ~~the~~ large --

buildings that may be required, Government will be glad to depute an officer to discuss the subject with the Military authorities and to do all that is possible to meet their wishes.

...AL ...

Letter No. 2824/1/Q, dated the 14th February 1917, from the General Officer Commanding Bangalore Brigade, to the First Assistant Resident in Mysore.

I have the honour to inform you that as regards the first para. of the letter from the Secretary to the Government of His Highness the Maharaja of Mysore, I would point out that the -- Latrines and Incinerators which have been erected near the Bellary road, are about ½ mile from the Polo Ground and nearly 1 mile from the Palace. They also lie to the N.W. of them, whereas the prevailing winds are S.W. and N.E. all these matters were taken into consideration, and I am confident no effluvia or inconvenience will be caused . I suggest that as these buildings are already erected, the Mysore Durbar be asked to kindly agree to their remaining at least until any inconvenience is noticed which I sincerely hope will not occur.

2 In regard to paras. 2 and 3, the buildings being erected, (i.e. Dining Halls, Cook Houses, etc) are of a temporary nature and will be entirely removed when the Camp is vacated. As the troops who will occupy this Camp are now about to arrive it is I fear too late to change the site, nor is it possible to postpone the arrival of the troops. In these circumstances, I trust the Government of Mysore will find it possible to withdraw their objection to the buildings.

3. It is not stated what the representations are which the Mysore Government have received, but if these are explained I -- should be pleased to do all that is reasonably possible to remove or mitigate their objections and shall be at all times most happy to meet any Representative to explain and discuss the question.

To

MAJOR T. H. ST. GEORGE TUCKER,

First Assistant to the Hon'ble the Resident in Mysore.

SIR,

I am directed to acknowledge the receipt of a copy of letter No.2824, dated the 14th February 1917, from the General Officer Commanding, Bangalore Brigade, received with your endorsement No. 1237, dated the 16th idem in regard to the buildings to be erected near the Bellary Road.

2. The Durbar much regret that there has been a mistake in agreeing to the erection of the structures on the site in question and the Dewan has since personally explained to the Hon'ble the Resident the reasons why a change in the site is necessary. The Durbar will be glad to arrange for the selection of an alternative site by deputing an officer for discussing the question with the General Officer Commanding. The site to be chosen may be to the North or North-east of the Civil and Military Station i.e. towards Agaram. The Durbar therefore request that arrangements may kindly be made to remove the structures already built to the site to be chosen hereafter. In the meanwhile, the incinerator and the

latrines may be put up as far away from the road as possible. The Durbar would be willing, if necessary, to pay the cost of the removal of the structures incidental to changing the site.

I have the honor to be,

Deputy Commissioner's Office,
Bangalore, 3rd March 1917.

Dear Sir,

As desired in your D.O.letter No.G.11550/G.M. 354-16-16 dated 23rd February 1917, I met by appointment the First Assistant to the Hon'ble the Resident in Mysore and the General Officer Commanding Bangalore Brigade on the evening of the 27th February at the camp at Hebbal Butts and discussed the situation with them. A copy of the notes of discussion approved by the General Officer Commanding the Bangalore Brigade and received from the First Assistant Resident, is herewith attached.

2. As detailed in the note, if the camp is allowed to remain in its present place, the General is prepared to have the incinerator and the latrine on the road side removed far away from the road to the place marked 'M' in the enclosed sketch and also to remove the first four lines of tents and leave clear a strip of land about 100 yards in width along the road as shown in the sketch; and he particularly requests that this may be kindly approved by the Durbar in consideration of the great inconvenience to the troops and the expense to the Durbar which the removal of the camp to Agaram will entail.

3. In case the Durbar are not prepared to allow the camp to remain in its present place under any circumstances and want its removal to Agaram, the General says that he will have to refer the matter to the Government of India and obtain their orders which will necessarily take some time and may perhaps also lead to some unpleasant correspondence, that the Durbar will have to bear the cost of the removal which may come up to about half a lakh of Rupees and that even then, the camp will have

1b

have to remain in its present place for 4 or 5 months till the necessary buildings etc.,are got ready at -- Agaram.

4. If the camp is to be shifted to Agaram it will be put up on land already belonging to the Military authorities; and no land will be required from the Durbar for this purpose.

5. The General desires that in any case the decision of the Durbar may be intimated to him without delay as he cannot stop the works under progress in the camp, which are urgently required for the use of the troops.

6. I request that you will, in the circumstances kindly place the matter before Government and favour me with their further instructions as early as possible.

Yours Sincerely,

To

D.M.Narasinga Rao,Esq.,B.A.,B.L.,
Secretary to the Government of H.H.
the Maharaja of Mysore, General Departmet,

D·S
27-2
3/2/17

Note of discussion between the Deputy Commissioner, Bangalore District, the First Assistant to the Hon'ble the Resident in Mysore, and the General Officer, Commanding the Bangalore Brigade, on the 27th February 1917 regarding the temporary camping ground near the Hebbal Rifle Range.

----000----

The present site near the Hebbal Rifle Range was selected for the camping ground by the Military authorities on account of its proximity to the Butts. If the camp is to be shifted to the Agaram plain, the troops will have to come all the way to the Hebbal Butts, and a standing camp will have to be maintained at Hebbal also. This would mean a great deal of inconvenience for the troops. Moreover, there is more convenience for water at Hebbal camp as the main pipe close to the camp which is not the case at Agaram.

2. Since the site was handed over to the possession of the Military authorities by the Durbar 3 months ago about 20 to 30 thousand Rupees have been spent on the construction of the lines, sheds etc., required for the troops: and all this would be wasted, if the camp is to be shifted elsewhere.

3. If the camp is allowed to remain in its present place, the General Commanding will order the incinerator and the latrine by the road side to be removed far away to the west of Tippu's Look-out where it will be quite out of view from the road. He will also have the first 4 rows of tents along the line of

already being done.
Intd.G.H.P.

10

of the road removed, thus leaving clear a strip of land about 100 yards in width along the road. He will in addition take necessary measures to ensure that there is absolutely no trouble or disturbance from the troops in the camp to persons passing along the road. These measures will cost practically nothing - the only additional expenditure that will have to be incurred being that required for the removal of the incinerator and the latrine which will cost only about -- Rs.500/- and which the Durbar will have to meet.

4. If, nevertheless, it is the desire of the Durbar that the camp should be shifted to the Agaram ground, the cost of putting up the necessary buildings and of laying out water connections - which will come to about half a lakh of Rupees will have to be borne by the Durbar. Even then, until the buildings etc. are got ready - which may take about 4 or 5 months, the troops will have to remain in the present camp. Moreover, the arrangement will require a reference to and the sanction of the Government of India; and the official correspondence over it will necessarily occupy some time. In addition all this trouble and expenditure of money would have been for nothing if, as everybody hopes the War were to come to an end soon: for in that case the camp will no longer be required and the Military authorities will --

will according to the terms of their agreement with the Durbar, hand over the site back to them cleared of all structures etc.,as soon as demobilization takes place after peace.

5. Considering the great inconvenience and trouble to the troops and the heavy expenditure to the Durbar which the removal of the camp from the present place will involve, the General Commanding -- hopes that the Durbar who have been all along so very helpful to the Military authorities will kindly permit the camp to remain at its present place for the few months for which it is likely to be required.

6. The General Commanding desires that, in any case, the decision of the Durbar may be communicated to him without delay as he cannot stop the works now going on in connection with the camp.

Noted and approved.
